

Vaio FS series VGRFS640 Hard Drive Replacement

This guide will show how to remove and replace the hard drive of the computer.

Written By: Chris Griffin

TOOLS:

- [Phillips #0 Screwdriver](#) (1)

PARTS:

- [Hard Drive](#) (1)

Step 1 — Hard Drive

- Flip laptop over so that "Service TAG" is at the top left.

Step 2

- Remove screw at bottom right hand corner.

Step 3

- Remove plate by pushing lightly and sliding to the right.

Step 4

- Unscrew 4 screws around hard drive.

Step 5

- Remove hard drive by pulling upwards on right side of drive

⚠ When inserting new hard drive note that there is a slot on the left where the hard drive port slides into.

To reassemble your device, follow these instructions in reverse order.
